About us

McClure Solicitors has been providing well informed advice since the firm was founded in 1853. Today we specialise in asset protection, estate planning and inheritance tax planning, helping clients across Great Britain to protect their assets and pass them on efficiently. We began many years ago as a small firm in the West of Scotland but have grown to be a national company with offices throughout England, Scotland and Wales. Our Directors are dual qualified in both English and Scots Law. New clients are flocking to us on a regular basis to take advantage of our fairly unique services. Indeed over 600 new clients join us each month.

We continually strive to ensure that our service matches each client's expectations.

McClure Solicitors is pleased to provide Lasting Powers of Attorney **for only £199**

What is a Lasting Power of Attorney (LPA)?

It is a legal document which appoints someone to act for you if you become unable to manage your affairs.

Why do I need a LPA?

More of us become unable to manage our affairs these days. Without a LPA, your family may need to go to Court. This can cause lots of hassle, delay and expense.

Why should I do it now?

If you leave it until you need it, it will be too late.

Why should I use McClure?

- We prepare thousands of Lasting Powers of Attorney each year.
- We let you decide whether and when to register it. This can save you around £164 per person.
- You keep control.
- We can include a caveat. So even if it's signed and registered, no-one can use it until you say so.
- At present we will prepare your Lasting Power of Attorney for only £199. We even include the Welfare Power of Attorney free of charge. This saves you £521 in total.
- And we will donate £30 to charity.
